

UNLOADING SUGAR HOLDINGS TEND TO SLUMP IN PRICES

Candy and Soft Drink Makers
Ask Permission to Sell
Surplus Stocks.

Efforts by overstocked dealers to unload their sugar holdings are tending to bring a slump in sugar prices, according to Armin W. Riley, head of the Flying Squadron.

Applications from candy makers, soft drink manufacturers and bakers for permission to sell some of their surplus stocks have been made to Mr. Riley's office. Brokers who are overstocked are seeking permission to make resales within the trade. These, Mr. Riley said, will be denied.

"They say that forbidding them to make resales inside the trade are spoiling their chances to make good profits, but such transactions will not be allowed," Mr. Riley said. "Applying resales would enable the brokers to pass the sugar from one to another and keep up prices."

Dealers in Kansas, Pennsylvania, Ohio, Colorado and West Virginia have applied for licenses to sell their sugar, and even the Chicago packers have taken on more than they need, Mr. Riley declared. Incoming sugars, including 4,000 tons from Argentina, probably will be distributed under Government supervision and any surplus stocks on hand here will be diverted to open trade channels reaching consumers.

SODA BAN TO CUT PRICE OF SUGAR

East Orange Pastor Proposes Soft
Drink Abstinence For 30 Days
as Remedy.

The Rev. Frederick G. Willey, pastor of the Sanford Street Methodist Episcopal Church, East Orange, has issued this appeal:

"Sugar is now costing 26 cents a pound with a tendency to go higher; if the people are willing to make a sacrifice, all at the same time, the price will be lowered to not more than

15 cents a pound. If every one will put a ban on soft drinks and sodas for thirty days there will be enough sugar for every housewife to do whatever canning she needs and the canners and preservers can avoid closing their factories."

MILK PRICE UP ONE CENT IN JULY

Sheffield Farms Co. Announces Increase in Both Grades and Borden's May Follow.

Because of the increased price to the farmer, the Sheffield Farms Company, Inc., announces an increase of one cent a quart in the price of milk for July. Grade A goes from eighteen to nineteen cents, and Grade B from fifteen to sixteen cents.

The Borden's Farm Products Company has announced similar increases.

No Mail Delivery by Carriers Monday.

Postmaster Patten announces that no carriers' delivery of mail will be made on Monday, July 5, which will be observed as Independence Day. He suggests that persons who want mail delivered on that day use special delivery stamps. Mail for newspapers, public offices and institutions, hotels and clubs with hotel accommodations will be ready for delivery to messengers at 8 A. M.

KRYSTALAK

Better for cooking than fluid milk

Crystalak keeps without ice and so eliminates the sour milk trouble. It is pure, fresh skimmed milk in crystal form—good for every cooking purpose. Just add water whenever milk is needed. Remember that Crystalak comes only in the blue striped package. Dry milk in any other form is not Crystalak. The 50c package makes 5 quarts—10c a quart. At your grocer's.

JUST SAY "HARRODS" TO THE DRIVER

H E'LL probably say 'Arrods, but never mind. His English may be faulty, but his sense of direction is perfect. He knows every foot of the way. All his life he's been swapping cusses with the busses on the Brompton Road, nosing out the traffic for Americans who want to get to 'Arrods in a 'urry. For, observe, that the object of these advertisements is not to divert the tide of American travel to Harrods, for that is already assured. We wish simply to remind newcomers to London that all good Americans go to Harrods.
